

Information on Doctoral thesis of Fellows Le Van Luat

1. Full name: Le Van Luat
2. Sex: Female
3. Date of birth: July 05, 1970
4. Place of birth: Quang Tri
5. Admission decision number: 4150/QĐ-SDH dated July 15, 2008, issued by the Director of the Hanoi National University approving Ph. D. student
6. Changes in academic process: No.
7. Official thesis title: "Liability principles in virtue of faults of Vietnamese criminal law"
8. Major: Criminal Law
9. Code: 62.38.40.01
10. Supervisors: (1). Prof. Dr. Le Van Cam

(2).Dr. Pham Manh Hung

11. Summary of the new findings of the thesis:

- This is the first monograph at doctorate thesis level in the science of Criminal law since Criminal law was canonized for the first time in 1985, studied comprehensively and systematically the liability principles due to faults in Vietnamese criminal law.
- Build a system of theoretical issues relevant to liability principles due to faults, such as the concepts of criminal faults, criminals, careless mistakes, liability principle due to faults in the criminal law, requirements and interpretation of liability principles due to faults in the criminal law.
- Analyze the interpretation of liability principles due to faults in the criminal law in the General section as well as Criminal sections in the Criminal law; clarify the unsound issues and limitation of the criminal law in connection with the fault issue.
- Evaluate the practical activities of investigation, prosecution and judgment in the adoption of criminal law's regulations related to liability principles due to faults; point out the insufficiencies and limitations to tender the solutions;
- By researching theoretical issues, analyzing the law and evaluating in practice the adoption of the criminal law, the author suggests some solutions to improve criminal law, enhance the effectiveness of criminal law implementation concerning the criminal faults and satisfy the requirements put forth by the liability principles by faults of criminal law.

12. Practical applicability, if any:

The researched thesis' result will have definite meanings toward building activities, explanation and the application of the criminal law. It creates a consistent angle, a general and synchronous realization, the logic of the criminal law and responsible principles due to faults of Vietnamese criminal law nowadays.

Besides, the researched thesis' result is useful references for both legislation and the practical application of the criminal law. It also takes an important role in studying, teaching and researching of law students and lecturers and for those who are interested in doing the criminal law researches in general and responsible principles due to faults of the criminal law in particular.

13. Further research directions, if any:

Continue to appreciate the practical activities of investigation, prosecution and judgment in the adoption of criminal law's regulations related to liability principles due to faults; point out the insufficiencies and limitations to tender the solutions and improve criminal law.
