6. Changes in academic process: Decision number 1351/QD-DHKT dated 9/7/2012 referring to changing the title of the dissertation (first name: “The relationship between agriculture, the farmer, and rural development in Vietnam in the period after joining WTO”; The adjusted name: “Agricultural development in Vietnam after joining WTO”)

7. Official dissertation title: “Agricultural development in Vietnam after joining WTO”

8. Major: Political Economy

9. Code: 62.31.01.01

10. Supervisors: 1. Assoc.Prof.Dr. Nguyen Dinh Long

2. Nguyen Manh Hung, Ph.D.

11. Summary of the new findings of the dissertation:

- Highlighting the major contents in agricultural development in Vietnam in integrating into international economic development, especially during the period after WTO joining.
- Working out a set of criteria employable for assessing the level of agricultural development in Vietnam in accordance with the agricultural development contents.
- Employing the set of assessment criteria for the reality of agricultural development in Vietnam after joining WTO.
- Proposing possible solutions for agricultural development in Vietnam from now up to 2025.

12. Practical applicability: The above-mentioned set of criteria is employable for assessing and analyzing agricultural development process. At the same time, the results of the thesis can be employed as a theoretical basis for formulating policies and strategies in agricultural development in Vietnam in the time to come.

13. Further research directions: Future research can be oriented towards possible relations and motives in developing an effective, sustainable agriculture.
